REPORT OF THE PLANNING BOARD

During Calendar Year 1976 the Town of Roxbury Planning Board met on nine occasions, including its regular meetings and two Public Hearings. One of the public hearings held was a joint meeting with the Town of Sullivan Planning Board. Two 2-lot sub-divisions were approved. The first approval was granted to Mr. Michael Iselin to sub-divide land owned by him in the Apple Hill area located in both Sullivan and Roxbury. The second sub-division approval was granted to Charles and Christie Yardley contingent to the road bordering the property to be sub-divided being brought up to a Class 5 standard. No major sub-divisions have come before the Planning Board in the past year.

Regular meetings of the Planning Board will be held commencing at 7:30 p.m. on the third Wednesday of the months of January, March, May, August, and November 1977 at the Roxbury Town Meeting House.

REPORT OF THE BOARD OF ADJUSTMENT

The Board of Adjustment held two public hearings in 1976.

The first hearing, held at the Roxbury Town Hall at 7:00 P.M. on June 14, 1976, was called by the Board of Adjustment on the application for special exception to the terms of Roxbury's Building Regulations, Article 5, Section J, by Linda and Roger LaDouceur, Apple Hill Road, Roxbury, N.H. The LaDouceurs are asking that said regulations be waived to permit a foundation system comprised of thirteen pressure-treated utility poles sunk to a depth below frost line. They plan to build a single-family dwelling on their land in Roxbury; their property abuts Sullivan and Nelson, N.H. on Apple Hill Road.

At the hearing it was proved that the foundation met or exceeded the specifications of some types of masonry or stone foundations. The Board of Adjustment voted to grant the special exception.

A second hearing, held at the Roxbury Town Hall at 7:00 P.M. on August 30, 1976, was called by the Board of Adjustment on the application for special exception to the

terms of New Hampshire State Law 36:26 as outlined in "Planning Enabling Legislation" by Stephen R. Davenport, Jr., 412 Horse Pond Road, Madison, Connecticut. Mr. Davenport asked that the said terms be waived to permit the building of a cabin on a road that has been subject to gates and bars since (approx.) 1944. The site in question is located in Roxbury, three tenths of a mile from the Apple Hill Road, Nelson, N.H. (Note: This cabin had already been built without a permit for a year prior to the hearing. In May, 1976, the Roxbury Selectmen had informed Mr. Davenport that his permit was denied and that he had one year in which to remove the building.)

After more than two hours of discussion on the lack of access to the building in question, Mr. Davenport suggested that his lawyer might be able to produce a contract that would release the Town of Roxbury from legal liability. At this point the hearing was adjourned.

The Board of Adjustment has consulted with Roxbury's legal counsel and has found that it is doubtful that Mr. Davenport can produce a legally binding contract.

At this point in time the Selectmen's decision still stands and the building must be removed.

Zoning ordinances: The Town of Roxbury established zoning ordinances in March of 1972. The following two in particular must be complied with:

Article V, Rural, Residential, and Agricultural Section B, Item 3.

"A lot shall have a minimum frontage of at least 200 feet. This frontage must be on a public street, which is one that the town has responsibility to maintain."

Article VII. Item C.

"It is unlawful to erect any structure without first obtaining a building permit from the selectmen."

Article XI.

"The penalty for violating any of the provisions is a fine of not more than \$50 (fifty dollars) for each day such violation exists."

AUDITOR'S REPORT

This is to certify that I have examined the books of the Town of Roxbury for the year ending December 31, 1976.

I have examined the books and records of the Town Clerk, Town Treasurer, Tax Collector, Road Agent, Selectmen and Trustee of Trust Funds (including an examination of the securities). I find that the books and records of the town reflect its true financial condition as of December 31, 1976 to the best of my knowledge and belief.

I find that the Town Clerk, Town Treasurer, Tax Collector, Trustee of Trust Funds, Road Agent and Constable are bonded by surety companies as required by law. Uncollected taxes reported by the Tax Collector have been verified by written notice.

I would like to thank the town officers for their cooperation and assistance during the period of the audit.

I feel that it is time for the townspeople and the selectmen to realize that even operating a small town like Roxbury has become big business and like any large business, the employees should be given the necessary working tools. It is no longer feasible for the town clerk, treasurer, tax collector and selectmen to do computations without adding machines or calculators. Steps should be taken to see that these officials are provided with these machines.

REPORT OF THE SCHOOL BOARD MEMBER

The Monadnock Regional School District annual meeting was held at the Monadnock Regional High School on Saturday, March 6 at 1:00 P.M. The proposed budget of \$2,710,660 was raised and appropriated for the school year 1976-1977. Roxbury's share was about 1.5% of the total cost.

A new State law requires that hot lunches be served at all elementary schools. Plans for carrying-out hot lunch programs in the already overcrowded northern schools (Surry, Gilsum and Sullivan) has necessitated many extra school board meetings, as the members try to find a feasible solution. A bond issue for additions and alterations to the Surry, Gilsum and Sullivan schools will be up for a vote at the annual district meeting.

The district's participation in the Cheshire Vocational Center seems to be going smoothly.

The Monadnock Regional School District's teachers have voted to form a union for negotiations with the School Board.

LOCAL BUILDING AND DEVELOPMENT REGULATIONS

During the past few years, local building and land development activities have increased substantially. The Planning Board is sending you this letter to help keep you up-to-date on the regulations the town has adopted over the years, to provide for safe and orderly construction of buildings and development of land.

The town first expressed its concern for the proper construction of buildings in 1956, when the town meeting adopted a short set of "Building Regulations." These regulations provide for the issuing of building permits and require proper construction methods to be used for all camps, houses, and mobile homes. Permits for the construction of new buildings or alterations of existing buildings must be obtained from the selectmen prior to the start of construction. Applications for a building permit must be accompanied by a sketch or plan of the proposed building. Building permits are void unless construction is started within six months from date of approval. The building regulations contain specific construction requirements for commercial buildings, exits in public buildings, garages, roofing material, fire stops, chimney construction, electrical wiring, foundations, outside walls and sewage disposal. Persons violating these statutes are subject to a fine.

During 1966, the town adopted a "Trailer and Mobile Home Ordinance" to regulate the placement of trailers and mobile homes in Roxbury. No trailer or mobile home shall be installed within (a) 300 feet of any public street, (b) within 30 feet of the front side or rear property line or (c) within 50 feet of any other residence, trailer or mobile home. A building permit is required for placing trailers or mobile homes in the town.

Following establishment of the Roxbury Planning Board, "Subdivision Regulations" were adopted in 1971. These regulations set forth the proper process for subdividing land for the purpose of sale or building development. Approval of the proposed subdivision must be obtained from the planning board before the sale of any lots can legally occur. The subdivision regulations describe the type of written plans and information which must be submitted to the planning board for review. The planning board must hold a public hearing on all proposed subdivisions and must notify the abutters to the property proposed for subdivision. The regulations are designed to protect the town from scattered or premature development and to ensure that each new lot created can be provided adequate sewage disposal, fire protection, roads, and other public services without excessive costs to the

town. The regulations also set forth construction standards for proposed new roads.

The last regulation adopted was the "Roxbury Zoning Ordinance." This was passed in 1972, to establish minimum lot sizes, set backs and frontage requirements; and to establish some limits on what land and buildings in Roxbury can be used for. The minimum lot size in the residential district is 1½ acres. The lot must have 175 feet of frontage on a town maintained road and be at least 200 feet deep. No house or building can be closer than 35 feet from the edge of the right-of-way or 20 feet from the side and rear property lines.

The lot size in the rural residential and agricultural district is 2 acres. The lot must have at least 200 feet of frontage on a town maintained road. The building set back requirements are the same as in the residential area; 35 feet from the edge of the right-of-way and 20 feet from other property lines.

It is unlawful to change the nature and extent of the use of any structure or lot, or to erect any structure, or to relocate any building in either district without first obtaining a permit from the selectmen.

No permit for remodeling or repairing is required, provided the use of the building is not altered or the building is not enlarged. Certain variances or special exceptions may be issued by the Board of Adjustment.

The town has been fortunate to have these regulations on the books to help promote orderly growth in Roxbury, particularly in view of several large subdivision proposals that have occurred in recent years. The Planning Board will do its best to continue the planning work begun over twenty years ago in Roxbury.

Please contact the Selectmen, Planning Board or Town Clerk if you would like to review a copy of any of the regulations listed above. Roxbury's regulations are not unreasonable and are intended to protect your long-term interests in the town. Your help in complying with the existing regulations and in identifying any potential problems in Roxbury is most appreciated.

Thank you.
